

TOOLS	NUMBER	APPLICATION
	8130001	Valves assembly / disassembly device with disassembled cylinder head.
	8130002	Valves assembler / extractor with assembled cylinder head (Standard)
	8130004	Base for height and depth check with dial indicator gauge. (Standard)
	8130005	Expander pliers for piston rings (Standard)
	8130625	Torque/angle device (Standard)
	8130628	Extractor for crankshaft gear removal

TOOLS	NUMBER	APPLICATION
	8130631	Valve guides extractor pin
	8130632	Flywheel timing adjustment tool
	8130633	Fuel injection pump gear fixation device
	8130634	Valve guides assembler pin
	8130635	Camshaft bushing extractor
	8130636	Flange for camshaft bushing extraction (use with 8130635)

TOOLS	NUMBER	APPLICATION
	8130637	Crankshaft front seal assembler / oil seal fixation part assembler
	8130638	Crankshaft pulley fixation tool
	8130639	Camshaft oil seal fixation tool
	8130640	Camshaft oil seal extractor
	8130641	Compression tester adapter
	8130643	Fixation device for viscous clutch

TOOLS	NUMBER	APPLICATION
	8130644	Guide for connecting rods assembly
	8130646	Spacer for valves guide
	8130647	Ribbon for pistons assembly in cylinders (Standard)
	8130648	Rear crankshaft seal assembly device
	8130649	Engine belt tensioning device
